Dear Parents/Guardians,

Please find the information below regarding the protocol if you have any concerns with your child/children and the coronavirus. All information below has come straight from Public Health England and through Government Guidance.

The most important symptoms of coronavirus (COVID-19) are recent onset of any of the following:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

For most people, COVID-19 will be a mild illness. However, if you have any of the symptoms above, stay at home and arrange to have a test to see if you have COVID-19 – go to [testing](#) to arrange. The link below gives you up to date information and if you are concerned that your child has developed symptoms and what you need to do. **If your child has a cold i.e runny nose, sneezing etc and are not showing any of the above symptoms they are able to come into school. If you are unsure, please keep your child at home and monitor them.**
