

## Fairsnape Class Pick And Mix Homework Menu

### Topic – The Art of Food

In the table, there are lots of different homework activities to choose from. You **MUST** complete the activities that are coloured green every week. Try and do as many of the others as you can and be creative! We will celebrate and share learning logs every two weeks.

**Read** every day. Try to read a variety of book genres eg. science fiction, adventure stories, legends, biographies, poetry and information texts.

**Music** Share your favourite piece of music with the class. Be prepared to discuss what you like about the music using the musical elements:- pitch, duration, dynamics, tempo, texture and structure.

**Science** Design a poster that describes how teeth and gums have to be cared for in order to keep them healthy.

**Computing** Create a PowerPoint explaining how the teeth of carnivores and herbivores are similar or different? Why? Compare the teeth of a cow or sheep with the teeth of a tiger or crocodile.

**Art** Use your observational skills, and attention to detail, to create your own still life painting of apples.

**Maths** Learn the **times tables** you are not confident with. Make posters to help you remember them. Ask someone at home to test you with quick-fire questions. Practise on: <https://play.ttrockstars.com>

Have fun practising and applying your other maths skills on:

Prodigy: <https://play.prodigygame.com>

**English** Create a persuasive advert or leaflet for a food item using persuasive language and devices (rhetorical questions, snappy slogans, rhymes or jingles).

**RE** Carry out some research to find out all about Advent being a time to prepare for the coming of Jesus at Christmas.
