

St. Francis' Catholic Primary School Reading Progression

Reading Intent

The study of English develops children's abilities to listen, speak, read and write for a wide range of purposes, so using language to learn and communicate ideas, views and feelings. It enables children to express themselves creatively and imaginatively, as they become enthusiastic and critical readers of stories, poetry and drama, as well as non-fiction and media texts. Children gain an understanding of how language works by looking at its patterns, structures and origins. Children use their knowledge, skills and understanding in speaking and writing across a range of different situations. We want all children to read fluently and with good understanding and to read for pleasure and information. We strive to instil passion for reading in pupils, which they will carry on into subsequent phases of education and into later life.

EYFS –see Development Matters 2021 for detailed examples of how to support learning in EYFS

Literacy

It is crucial for children to develop a life-long love of reading. Reading consists of two dimensions: language comprehension and word reading. Language comprehension (necessary for both reading and writing) starts from birth. It only develops when adults talk with children about the world around them and the books (stories and non-fiction) they read with them, and enjoy rhymes, poems and songs together. Skilled word reading, taught later, involves both the speedy working out of the pronunciation of unfamiliar printed words (decoding) and the speedy recognition of familiar printed words. Writing involves transcription (spelling and handwriting) and composition (articulating ideas and structuring them in speech, before writing).
